BABY PHOTOGRAPHY

**your complimentary gift – a watch me grow[®] folio with
3 beautiful portraits covering your baby's first year**

Isn't your baby amazing? You'll have seen big changes already and they have much more growing to do! A baby in your arms now will become, in just a few short months, a toddler with unique character.

It all happens so quick! It's a time we can't have back, making it so important to capture your baby's early days with superb professional photography.

Philip Price has been appointed as your local watch me grow[®] photographer by the Master Photographers Association.

Phil invites you to his High Street studio in Ross-on-Wye to record some of the major milestones in your baby's first year. Smiling at 3-4 months, sitting up at approximately 8 months & around their first birthday, probably on their feet, toddling around!

A few days after each session you pop back to choose one of the gorgeous portraits. Soon after your third viewing we will present you with a beautiful, luxury watch me grow[®] folio filled with your selected images, all together worth £192. A gift for you to treasure for ever.

All this can be yours for a one-off booking fee of only £35.

more info

watch me grow® sessions take place in our large & airy High Street studio in Ross-on-Wye where we have photographed thousands of babies. When you book we'll send you a confirmation letter which includes directions and tips for great baby pictures.

There is no obligation to buy any photographs to receive your baby's folio. But, naturally, most parents would like further portraits from the session for themselves, or as gifts for friends & family. You'll have access to a special cherubs prices where packs of pictures have discounts up to 75%.

what mums say

"We would like to thank you for all the wonderful pictures of Megan. You captured every part of her personality perfectly and we cannot wait to see her 8 and 12 month pictures!"

Lisa & Ben

"Just a little note to say thank-you for the beautiful portraits you took of our son Edward. we look forward to the next set when he is 8 months old.

Once again thank-you!!!"

Karen & Ed

We'll do just the same for you – create a selection of beautiful portraits that capture your baby's unique personality giving you timeless memories that you will cherish for ever.
