

wedding photography

Philip offers a flexible system to give you maximum choice. As your wedding is individual to you, so should your wedding photography!

If you want just a disk with the images on that is fine. If you'd love an album Philip has a great range of styles & sizes. And with an album you'll design it using a set of proofs so you'll have a print of every picture.

attendance fee

The attendance fee of £295 is taken as a non-refundable deposit and is payable when you book. Attendance at home, reception and locations in between are included. There is a £45 reduction for a weekday weddings. You don't have to pay anything else until you've seen the pictures.

'expressions' contemporary album

Designed according to your instructions the superb Expressions magazine style album is available in 9 modern styles & 4 sizes. Pages can have simple layouts that let the pictures shine out through to artistic arrangements that tell the story of your wedding. Made by craftsmen in the UK, the stylish flush-mounted pages are book bound so the album lies elegantly flat.

After your wedding you plan the layout of your album together with Philip, then give the final design your approval before the album is created.

These popular albums range from £715 (A4) to £1270 (16x16) including 20 pages with extra pairs of pages from £25. Parents' albums are A5 sized copies of your album and are £185 for 2 (but can only be ordered with main album).

traditional albums

Philip's relaxed style photographs are available in various sizes depending on your choice of album. Keeping it simple the prices are per album page, not per photograph. There is a minimum of 10 pages.

8" Album.....£17 to £19 (up to 2 pictures on a page)

10" Album.....£24 to £26 (up to 4 pictures on a page)

'A3' Album.....£32 to £33 (up to 6 pictures on a page)

How many do you need? Make a list and see how many you come up with! Allow a few extra for informal 'captured moments'. Small civil weddings can be covered with 10, a small church wedding with 20. Add pictures at the bride's home beforehand and a big wedding can take 40. After the wedding you plan the album together with Philip.

Philip uses the finest UK made albums, available in 24 styles & many colours, all handmade and ordered especially for you. Prices range from £38 to £407. Parents' albums start from £145.

disk

Your photographs can be supplied on disk with reproduction rights for £600. If bought with an album the disk is discounted to £350. The files will be in .jpg format corrected for colour & density, ready to use. You also have the option of having the original 'raw' files. If you know you would like a disk please let Philip know before the wedding so your pictures can be worked on while you are away on honeymoon. You will then have them sooner!

A slide show of the un-retouched pictures is £50 with copyright reserved.

other information

Mileage may be charged if the wedding is more than 30 miles from the studio.

The balance is due at the viewing. Cash, cheques and all major credit & debit cards are accepted.

Philip offers a special package for midweek Registry Office weddings. Details on request.

If you don't see something listed that you would like, please ask.

NB: Prices & specifications may be subject to change without notice. 01/10

visiting the Studio:

If you are passing call in to see Philip's display albums. However, please ring for an appointment if you are making a special journey as the studio can be busy. The studio is normally open 9am-5pm apart from Mondays (9am-2.30pm) & Saturdays (9am-12.30pm). The studio is closed on Sundays. Appointments outside these hours are also available.

You will find the studio on the first floor between Parkfields Gallery and Peter Charles the hairdressers at the Wilton end of the High Street 200yds from the central Market Place. Nearby landmarks are Lloyds Bank and the Tourist Information Centre. Parking is available in nearby streets or near the rear of the studio in the Corn Exchange Car Park.
